## About This Reference Manual

This manual provides a reference list of budget object classification codes to be used by Agencies and Departments serviced by the Office of the Chief Financial Officer (OCFO). These codes are used when obligations are first incurred to record financial transactions according to the nature of services provided or received. The following information will help you use this manual more effectively and obtain further assistance if needed.

## How The Manual Is Organized

The major sections of this manual are described below:

[Introduction](#) describes how budget object classification codes are used, provides an interpretive schematic which identifies the levels of coding, and informs you how to obtain technical support.

[Code List](#) provides a reference list of budget object classification codes to be used by Agencies and Departments serviced by OCFO.

To keep you informed about new or changed information related to this publication, OCFO, Associate Chief Financial Officer for Financial Operations (ACFO-FO), Controller Operations Division (COD) issues short written notices called bulletins. This reference manual and related bulletins are listed on the COD Web site (<http://cod.nfc.usda.gov/index.html>) on the Publications tab.

## What Conventions Are Used

This manual uses the following visual aids to identify certain kinds of information:

- Emphasized text within a paragraph is printed in **bold**.

*Example:*

All personal property items with an initial acquisition cost of less than \$5,000 should be charged to Object Class 3140 **except** for high risk sensitive property, as defined by the agency, which should be charged to Object Class 3141.

## To Request A Budget Object Classification Code (BOC) Update

Important points to remember:

- **All** requests for a new budget object classification code (BOC), or to modify or delete an existing BOC, must be made to OCFO, ACFO-FO, Accounting

Policy and Consolidated Reporting Division (APCRD, hereafter referred to as CRD).

- COD's Accounting Processing Branch, Table Maintenance Section (ACPRB), will add, modify, and delete BOCs on the agency's BOC Table (BOCT). **No** requests for BOC changes can be made directly to ACPRB.
- USDA personnel should check the COD Web site, Publications tab, for updates to the BOC Manual.
- Be advised that CRD will use OMB Circular A-11, Section 83, Object Classification (Max Schedule O) criteria to establish new BOCs.

## **To Request A New BOC**

The instructions below must be followed and will facilitate your request.

1. Notify your Functional Administrator (FA) via e-mail.
2. The notification should include:
  - The requestor's name, phone number, and date of the request.
  - Justification for the proposed BOC and why an existing BOC will not fulfill your needs.
  - Proposed title and a short definition. The definition should clearly and succinctly state its intended use.
  - Suggested location in the BOC Manual and Internal Revenue Service Form 1099 flag setting. If any discrepancies exist, CRD will determine the proper location.
3. When the FA receives the request, including the information listed above, the FA will forward it to CRD for review and approval.
4. If approved, CRD will notify CLTB and ACPRB to update Departmental manual and systems, respectively.
  - When the new BOC has been established, all agencies will be provided the opportunity to add the BOC to their BOCT. If an agency decides to add the new BOC, specific data attributes should be provided to ACPRB.
  - When processing is completed, ACPRB will notify the requestor and FA.
5. If the request is denied, other alternatives may be available to facilitate your needs.

## **To Request A De-Activation/Deletion**

If an agency determines that it no longer needs to use a particular BOC and wants the code removed from its BOCT, please follow the instructions below:

1. Notify your Functional Administrator (FA) via e-mail.
2. The notification should include:
  - The requestor's name, phone number, and date of the request.

- Justification for removing the BOC from the agency's BOCT.

**Note:** CRD will periodically conduct a Department-wide analysis of BOC use and recommend de-activations/deletions. Agencies will be notified of such action.

3. When the FA receives the request, including the information listed above, the FA will forward it to CRD for review, approval, and processing.
4. If approved, CRD will notify CLTB and ACPRB to update Departmental manual and systems, respectively.
5. When processing is completed, ACPRB will notify the requestor, FA, and CRD.

### To Request Clarification Or Modification Of BOC Title Or Definition

Occasionally, the published titles or definitions in the BOC Manual need clarification. CRD will assist in providing a clear title or definition for any BOC. Please follow the instructions below:

1. Notify your Functional Administrator (FA) via e-mail.
2. The notification should include:
  - The requestor's name, phone number, and date of the request.
  - Proposal to clarify or modify a definition. Information should include how the BOC is used in your agency. This information will be compared with how others in the Department are using it so that an accurate definition may be established.
3. When the FA receives the request, including the information listed above, the FA will forward it to CRD for review, approval, and processing.
4. If approval is obtained, CRD will notify personnel, as appropriate, to update Departmental systems and manuals. **Note:** In this case, notification will only be sent to ACPRB when there is a title change.
5. When processing is completed, CRD will notify the requestor and FA.

## Introduction

Budget object classification codes are used by the Federal Government to record its financial transactions according to the nature of services provided or received when obligations are first incurred.

The Office of Management and Budget (OMB) establishes the major object class codes and titles for use by all Federal agencies. In addition to these codes and titles, this procedure identifies summary level object class codes and detail subobject class codes that are assigned by CRD. CRD-assigned codes must be used by Departmental agencies and other Federal agencies that are serviced by the U.S. Department of Agriculture (USDA).

## Budget Object Classification Code Interpretative Schematic

Includes all common processes of duplicating obtained on a contractual or reimbursable basis. Also includes standard forms (SF) when specially printed or assembled to order, and printed envelopes and letterheads. There are several systems used to process the documents related to this object class code.

This object class consists of (1) printing and binding as defined in the Government Printing and Binding Regulations issued by the Joint Committee on Printing and (2) reproduction of the type that does not come within the Joint Committee's definition.
